COMMENTS ON EXAMINER'S REASONS FOR ALLOWANCE

Applicant does not concur with the Examiner's Reasons for Allowance accompanying the Notice of Allowability. The Examiner's reasons do not correlate directly with the combination of features as recited in any individual one of the independent claims, and include references to features that are not recited in particular ones of those claims. Applicant wishes respectfully to point out that in each of allowed independent claims the recitations differ from one another and each of those claims is individually distinguished from and patentable over the prior art by reason of the combination of features set forth in that particular claim.
